## POLICE ARREST FOUR MEN ON BOOZE CHARGE

Chief Brooks Declares War on Bootleggers and Gets Busy Immediately.

Chief of Police Harry L. Brooks took off his coat Tuesday morning, rolled up his sleeves and declared war on the bootleggers. The result of the declaration of hostilities was the arrest of four men, charged with selling whiskey, before noon.

The men arrested gave the names of Charles Swager, Ray Riley, Jack Swager and John Smith. All were arrested in Glen Elk.

Chief Brooks himself took part in the hunt. He was assisted by City Detective L. L. White and Petrolman Yates.

Warrants against the four men were sworn out in Magistrate T. G. Nicewarner's court by Detective White and their trials will come up in a day or two.

The two Swager men reside near Mt. Clare, it is said; Riley lives in Northview, and, according to the chief, Smith comes from Cumberland.

## WHEAT JUMPS

Up in Price an Extreme Eight Cents As Result of Crop Damage Reports.

CHICAGO, August 16.—The wheat market made another sensational advance on crop damage reports Tuesday. December options, forty minutes before the close, advanced an extreme eight cents to \$1.46 per bushel. September, less active, rose from \$1.35, where it sold early in the day, to \$1.42.

The advance began with a statement that the latest reports showed the recent government report which sent the price up eleven cents a few days ago, had not exaggerated the crop damage. On top of this came a statement by the Manitoba minister of agriculture that the damage was worse than had been previously reported.

Later December sold at \$1.46 7-8 and closed at \$1.45 5-8. September closed at \$1.42.

## APPEAL ISSUED

By Governor Hatfield to People of the State for Help for Flood Sufferers.

CHARLESTON, August 16.—Governor Hatfield has issued an appeal to the people of West Virginia for help for the flood sufferers of the Cabin creek and Coal river valleys. Already it has met with liberal response but the governor, who has investigated conditions in the stricken districts, believes that much more will be needed.

The weather has been unseasonably cold and rainy and the work of reconstruction has been retarded but those in charge believe improvement will be noticed in a few days. One coal company has placed its mines in operation but several weeks must elapse before all mines are working.

Five bodies were recovered during the night and Tuesday morning near Ferndale and the search for others continues.

## TROOPER TRYING TO BAG ENEMY AIRMAN

A new type of one-man gun used by British cavalryman.

A new type of one-man gun used by British cavalryman. The Hotchkiss one-man gun is being used extensively in the trenches on European battlefields, and the British cavalrymen are equipped with it. The cavalrymen are not of much service in the trenches, but when dismounted and equipped with this machine gun they deal terrible destruction. The gun is of the quick-firing kind, and is very much similar to the machine gun used by the American troops. It has the same method of feeding shells, using the clip of shells instead of the endless belt used by the German machine guns.
